

## Section 1. Environmental Policy Statement

Tinder Corporation Ltd recognises its responsibility to protect the environment and has in place the following policy that:

1. Recognises relevant legislation, regulations and government guidance.
2. Wherever possible meets the industry relevant codes of practice.
3. Ensures the policy is read and understood by all employees.
4. Minimises waste and conserves energy and natural resources.
5. Seeks to reduce pollution incidents and air emissions.
6. Seeks to reduce waste created as part of the work process.
7. Whenever required, uses registered waste disposal companies or licensed tips for the disposal of waste.
8. Maintains clean and tidy work sites to ensure minimum inconvenience to clients.
9. Makes known the contents of this policy to all subcontractors and suppliers.

This policy statement will be made available to all employees and other interested parties and each line manager will ensure that the necessary organisation and arrangements are in place.
